CHRIST IN YOU, THE HOPE OF GLORY (Colossians 1:21-27)

With the challenges we are facing in our world today, how can a Christian navigate through life and remain true to their GOD? How can a believer live and experience God's glory in their life here on earth? What is the assurance that we can make it to heaven and experience God's glory as promised in the bible?

The real answer is that we cannot do it on our own. We cannot do it by our own strength. This is the message of the Bible. That is why it is called the "Good News". Without Jesus we are hopeless. Without the help of God, we cannot please HIM.

Apostle Paul unraveled this mystery in the book of Colossians 1:26-27 which says:

the mystery that has been kept hidden for ages and generations, but is now disclosed to the Lord's people. To them God has chosen to make known among the Gentiles the glorious riches of this mystery, which is Christ in you, the hope of glory.

This passage made it abundantly clear to us that the only way we can experience the glory of God, is for Christ Himself to live in us. It clear that we cannot attain holiness, we cannot achieve perfection on our own. The only hope for us is that Christ lives on the inside of us. Apostle Paul says Galatians 2:20

I have been crucified with Christ; it is no longer I who live, but Christ lives in me; and the life which I now live in the flesh I live by faith in the son of God, who loved me and gave himself for me.

Jesus is our burden bearer HE understands our infirmity, HE understands our weakness. HE knows that we cannot experience HIS glory by our own devise nor by our own strategies. our own strategies. Jesus says in Mathew 11:28-30

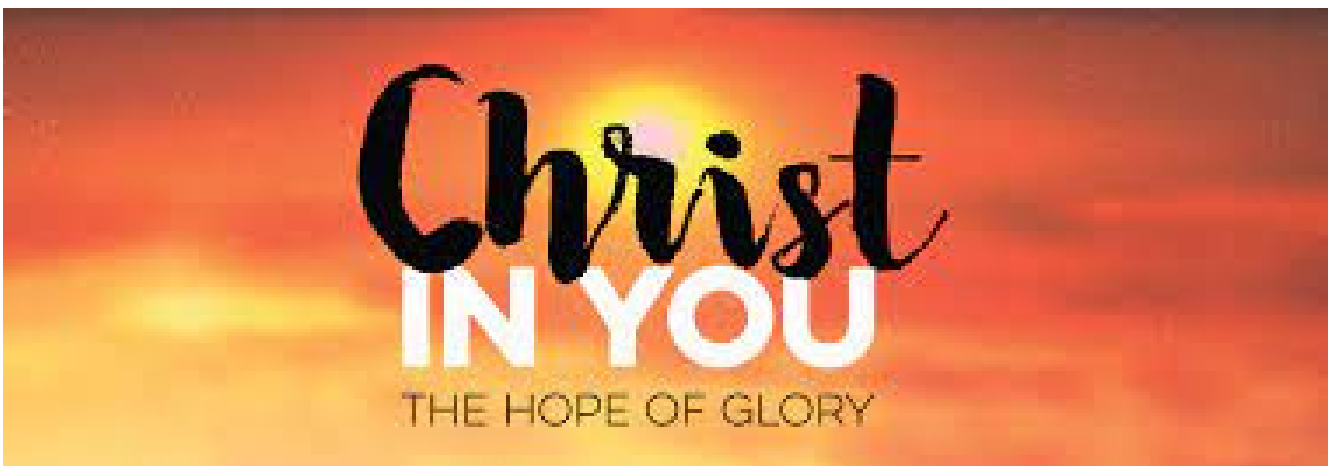

“come to me, all you who labor and are heavy laden, and I will give you rest. take my yoke upon you and learn from me, for I am gentle and lowly in heart, and you will find rest for your souls. for my yoke is easy and my burden is light.”

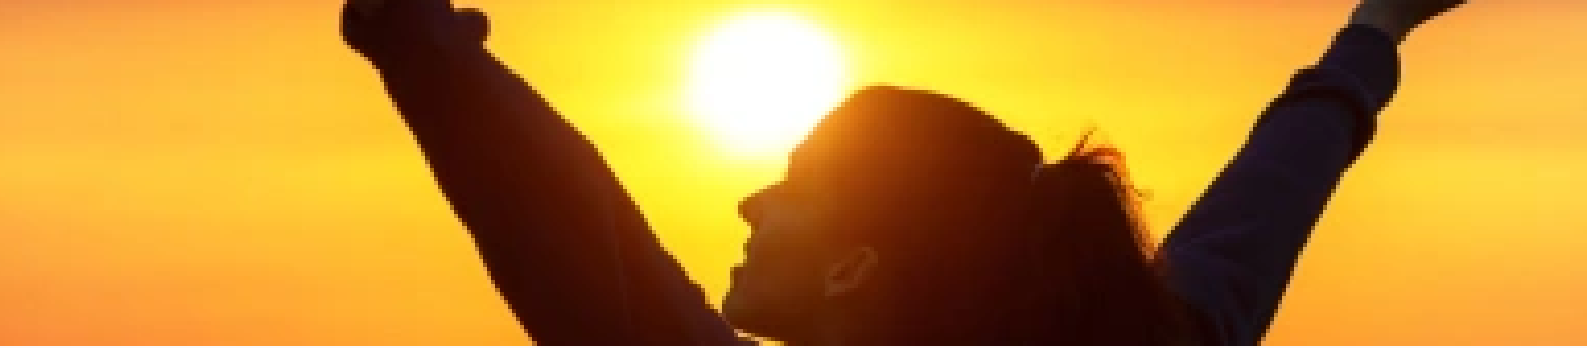

The secret of godliness is to know that you cannot make yourself righteous and that you cannot keep yourself righteous you need Christ in you to experience the glory of God, it is not by strength. As believers we must at all times walk in this consciousness that Christ lives inside of us. That is why we use the word, “accept Jesus Christ in your life” because that is what salvation is all about - Christ living in you.

How do you make Christ live in you?

- Know for fact you cannot do experience God’s Glory by yourself
- Know that God know this and that is why HE send HIS only begotten SON
- Don’t go about trying to the Glory of God by yourself
- Open your heart to HIM by telling him your weaknesses
- Go to him for strength and forgiveness and never give up on yourself
- Embellish him in your heart by meditating on his words all the time
- Live in the consciousness that HE is in you.

The whole essence of Christ being in you is so that his name can be glorified in your life not only in this world as HIS ambassador but also when you see HIM in glory

My Being is in Christ

SIS FADEKE ADEDOYIN - CHOIR DEPARTMENT

I have heard the saying when there is life there is hope, but does life really give hope? There has to be something or someone you put your hope in for it to give life.

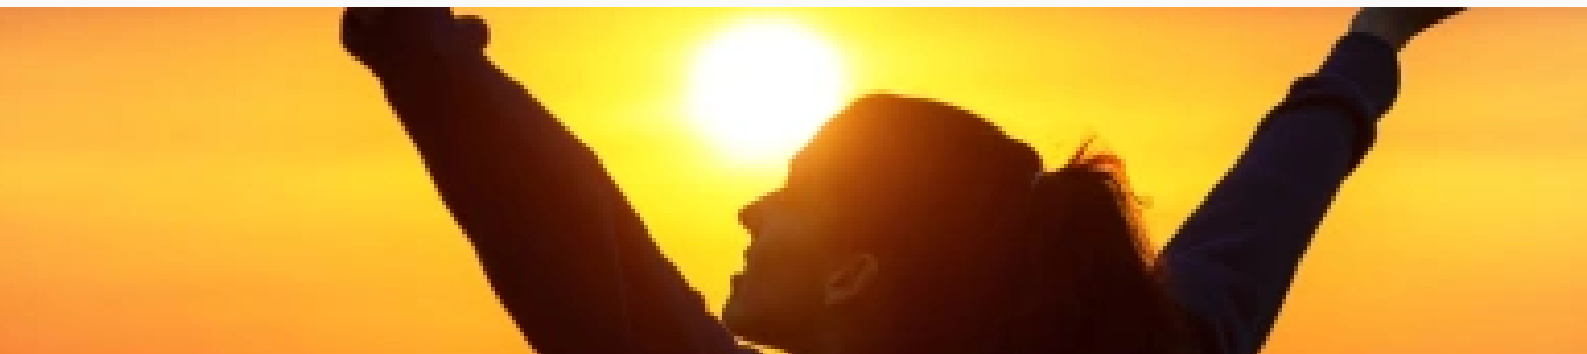

The life of every living thing is in His hand, as well as the breath of all mankind Job 12:10

Some individuals put their hope in the life intangible or tangible things that fail. For a Christian, for you and I, life itself is Jesus. When there is Christ, there is hope. There is no life outside Christ, when we know we have Christ in us, this gives us assurance of a glorious destination and while here on earth we can also experience his glory.

For in Him we live and move and exist [that is, in Him we actually have our being], as even some of your own poets have said, 'For we also are His children.' Acts 17:28

This month we (choir) had a workshop to help grow in our ministry. Our prayer as a team is to know him , then we can find ourselves in him.

I have Christ in Me!

CHILDREN DEPARTMENT

Children are very curious. The satisfaction of this curiosity comes from exploring and asking questions. Some of these questions are easy to answer; some are simple and matter of fact. And some are so entirely complex that finding an answer can be a bit hard. Have you had your child ask a question like "In our family, who is goes to heaven first?" Or how do you explain to a where does Jesus lives?

As parents, we are vital in shaping and molding our children. The very foundation of who they will be, comes from you and what you pour into them. One example is the mother of Moses, Jochebed. She had heard (from her own parents) and also seen that God had protected and will preserve His children. Her faith in God led her to hide Moses and put him in a basket by the river when it was no longer possible to keep him hidden. God honored this! God had a plan for Moses in response to his mother's (Jochebed) faith. We know the rest of the story.

Our assignment is to raise godly children. They are our seed through whom we transfer God's deposits in us. We pass on the belief of our faith, the love of God and, the life of love to them.

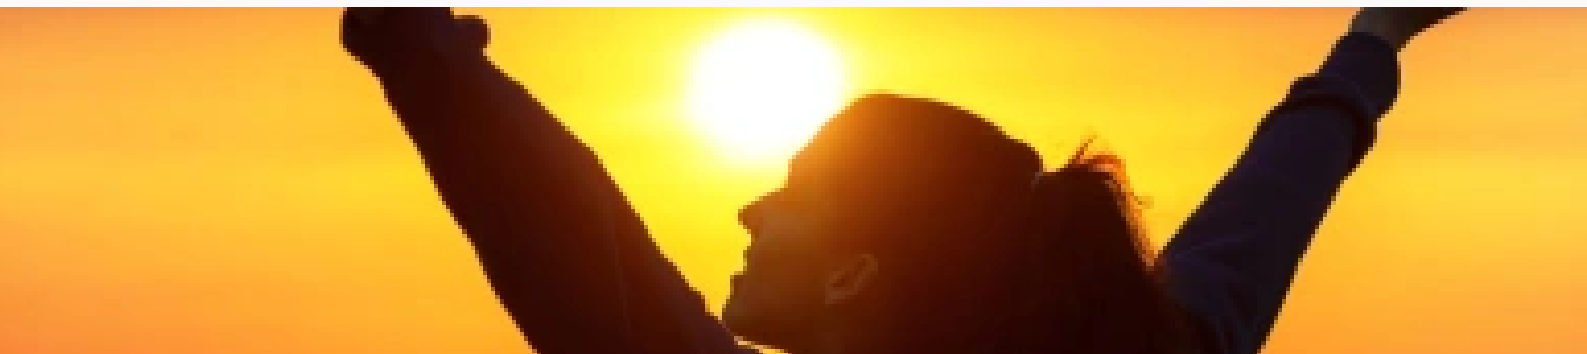

you yourselves like living stones are being built up as a spiritual house, to be a holy priesthood, to offer spiritual sacrifices acceptable to God through Jesus Christ.

The world our children live in today has everything calling for their attention, A world where the truth of God's word is stylishly being covered with what looks good however, it in no way leads your child to the truth about God.

We have to take EXTRA heed in these times. We have to fill the curiosity of our children with the truth of God's word now and always so that they will be rooted and established in His love. Ephesians 3:17-19.

Your child is your disciple!

INSIDER SCOOP

FEATURING BRO BUKOLA OGUNKUADE - BAAM PRESSURE CLEANING

Why did you decide to start your own business?

The desire to be independent and to be flexible and facing new challenges and not stagnant with a 9-5 routine work of doing the same thing all the time inspired me to start my own business. I'm able to follow my passion, have freedom to make decisions that I believe are the best for the business.

How do you set your business apart from others in your industry?

One of the most crucial things you need to do as a business owner is to think of how your business will stand out from your competitors. Therefore, I ensure that i create a likeable approach and friendly attitude with my clients. I go above and beyond in my quest of sourcing good materials to do my jobs in order to make sure my clients are happy and satisfied. And this create an immediate advantage for my business. Honesty is another strategy that makes my business stands out from others. I always give proper details about the different products available and provide my clients with options to choose from. With this, they have an idea of what to expect after the job has been completed. I am open with my products and services. As a result of my honesty, I build trust with clients and leave a great impression thereby, getting referrals. Furthermore, I offer a guarantee on the products and services. I always deliver based on the guarantee of the products I suggest to my clients. And I stand behind 100 percent, which makes the job easier for me.

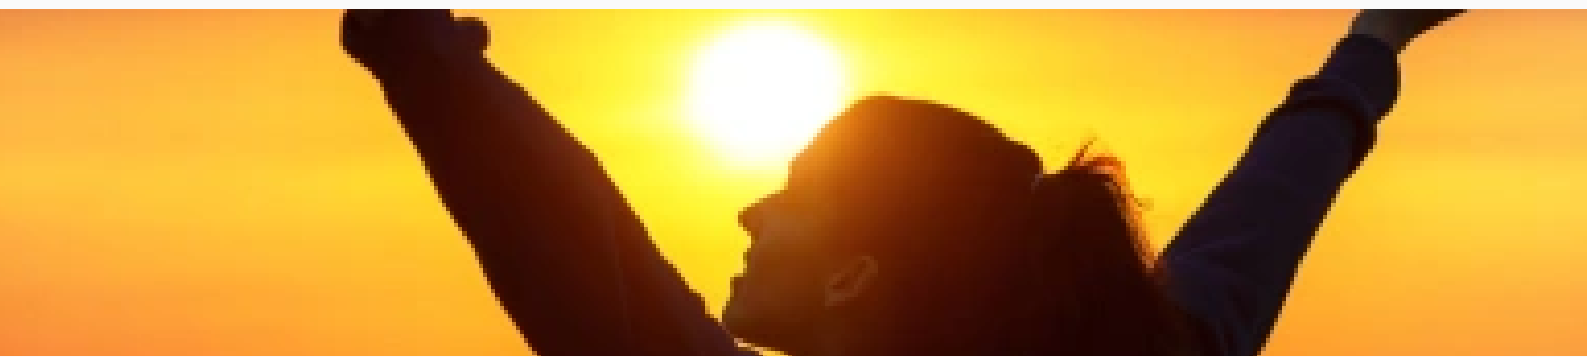

What has been some of your biggest learning experiences in running a business?

Running your own business is rewarding but can also be very challenging. Despite doing research before starting the business, nothing prepares me more than setting up on my own. As a business owner, I'm still learning new things all the time. One thing I've learnt is planning. Any work without making plans does not yield any progress. Planning has greatly helped me in keeping my productivity levels up. Another thing I have learnt is to keep learning. There are new things to always try out when running a business. I am able to use latest strategies for my client's jobs and this makes the business fun for me, as I am never bored. Investing in my business allows me to continue to grow. Spending money on latest equipment, chemical and other work tools, has helped to elevate my brand. And finally, I've learnt to treat clients with respect and professionalism. I have established good relationships with clients that are now friends, while there are clients that are disrespectful. To the disrespectful clients, I've learnt not to try and prove to them that I'm right when they are angry but instead, I hear them out and decide on what action to take in solving the issue so I don't let them down professionally.

What advice would you give to someone just starting their own business?

The first and important advice is they must have passion for the business they're about to embark on , so that they do not quickly get tired of running the business. You need to know their strengths and weaknesses. Have a business plan as well. Finally, they need to promote their business to the targeted people in order to grow their customer base.

I'm Stanley, I like interacting with people. I would say I'm funny and I can change the room atmosphere. People can't stay with me and not feel happy and joyful. Also I would say I'm well coordinated.

What is one thing you have done that you are really proud of?

I would say showing empathy. I can't sit in a bus or on a train and watch an elderly person stand. So, there was a day I used a bus while going out, I watched this elderly woman enter the bus but couldn't find a place to sit and I was surprised because there were so many young people there who could have surrender their sea for her. So, I walked up to her and gave her my seat. Her face lit up, she thanked me.

What's one time when you knew God was working in your life?

Okay I would say two years ago. When I was praying, I had this urge to give a friend of mine in Nigeria money. In my thoughts I was like why does this person need money. But I obeyed the holy spirit and I sent the money to him. Not knowing that that individual needed that money to complete his school fees and he had tried all his possible best to get money from others but he couldn't. God worked through me to help bless someone in need.

What's a favourite memory from your childhood?

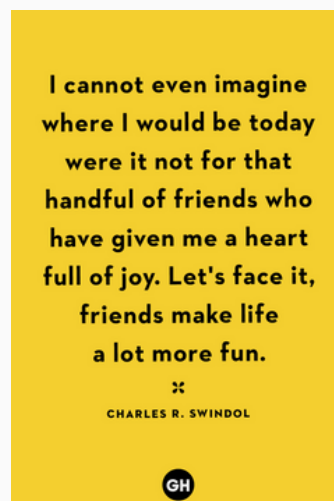

Spending time with my extended family during the holiday period. That is something I cherished back then.

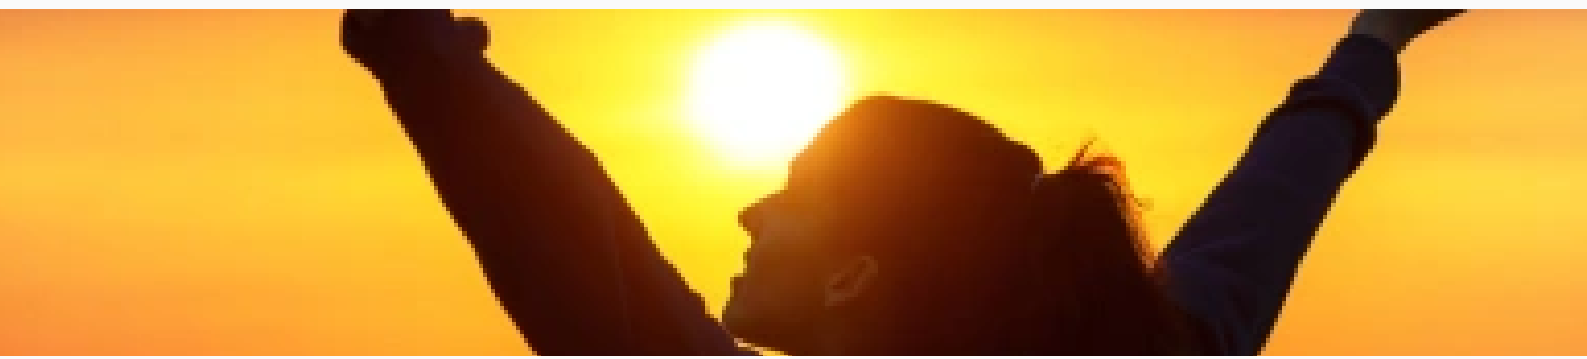

Bro Stanley Epuna
